

Safety Guidelines

Surprising Ghana takes the health and safety of its travellers seriously and takes every measure to ensure that the trips are safe, fun and enjoyable for everyone. We recommend that all travellers check with their government or national advisory organisation for the latest info before departure.

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure and ensure that your travel insurance covers you for all areas your itinerary covers. Please refer to our website's safety page for links to major travel advisories and updates on safety issues affecting our trip.

We strongly recommend the use of a neck wallet or money belt while travelling, for the safe-keeping of your passport, air tickets, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of our hotels have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage.

Your leader will accompany you on all included activities, however during your trip you'll have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your leader will assist you with the available options in a given location, please note that any optional activities you undertake are not part of your Intrepid itinerary, and Intrepid makes no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Please also note that your Leader has the authority to amend or cancel any part of the trip itinerary if it's deemed necessary due to safety concerns.
